# EXPLANATIONS RELATIVE TO THE FOLLOWING TABLE OF COLONIAL AND FOREIGN POSTAGE.

## ABBREVIATIONS.

Alt. ....	Alternate.	M. & E.....	Morning & Evening.
Ea. ....	Each.	Mo. ....	Month.
Fri. ....	Friday.	Pkt. ....	Packet.
M. ....	Morning.	Prev. ....	Previous.
A. ....	Afternoon.	Fol. ....	Following.
E. ....	Evening.	Sat. ex. ....	Saturday excepted.
Ev. ....	Every.	Tues. ....	Tuesday.
A. & E. ....	Afternoon & Evening.	Mon. ....	Monday.

## LETTERS WEIGHING MORE THAN ONE OUNCE.

To ascertain the postage of any heavy Foreign or Colonial letter, first subtract from the weight of the letter all the complete ounces above one, and then having found from the table the postage for the remaining weight, add to that postage the sum in column D for each additional ounce. *E.g.*, to find the postage on a letter for India, via Marseilles, between  $4\frac{1}{4}$  and  $4\frac{1}{2}$  ounces in weight—For a letter above  $1\frac{1}{4}$  and not exceeding  $1\frac{1}{2}$  ounce, 3s. 4d.; for 3 complete ounces in addition, at 1s. 8d. per ounce, 5s.; total postage, 8s. 4d.

*Note.*—It will not do to multiply the postage in column D by the full number of ounces and add the charge for the remaining fraction, as in some cases the rate advances after the first ounce by the ounce scale, and in others by the half or quarter ounce scale.

## OPTIONAL OR COMPULSORY PREPAYMENT.

When a letter, addressed to go by a route that requires prepayment is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be returned to the writer.

## DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.

The letter *a* prefixed to any division shows that the postage there entered does not carry the letter from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

## TURKEY, MOLDAVIA, WALLACHIA.

In the case of letters forwarded via Belgium for other places in Moldavia than Botuschany, Galatz, and Jassy, or for other places in Wallachia than Bucharest and Ibraila, the writers should specify in the address to which of the above towns they desire their letters to be forwarded, and the rate as far as that town *must then be paid in advance*.

It is recommended that any letters for *Erzeroum* and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent in Samsoun or Trebizond, to be forwarded to their destination. Letters for such places in Turkey in Asia and Asia Minor as have no Austrian Post Offices, should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established.

\* No packet of patterns marked \* must exceed 8 oz. c No packet of Newspapers, Books, or Patterns must exceed 1 lb.

**POSTAGE STAMPS, &c.**

Prepayment of Inland Letters, &c., must be by Stamps.

**RATES OF POSTAGE, &c.**

*Inland Letters.\**

1. The rate of postage to be prepaid is 1d. for every  $\frac{1}{2}$  oz. or fraction of half an oz.

2. As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is on delivery, charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid.

*Colonial and Foreign Letters.*

3. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage.

*Addresses to the Queen and Petitions to Parliament.*

4. Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other inclosure, however, must be inserted, and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

*Newspapers and other Periodicals bearing the Newspaper Stamp.*

5. Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission, the exclusive privilege of the Post Office extending only to letters.

6. All periodical publications, including newspapers, published in the United Kingdom at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be sent and resent through the post within the United Kingdom free of postage, under the following regulations, viz:—

§ 1. Such publications are subject to the same restrictions as to the number of sheets and superficial extent as were formerly applicable only to newspapers

properly so called. These restrictions are shown in the following table:—

Amount of Stamps impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial extent of Letterpress on one side.
One Penny, - -	Two - - - -	2205 inches.
Three Halfpence,	Three - - - -	3442 "
Twopence, - -	Four - - - -	4591 "

§ 2. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

§ 3. The title and date of the publication must be printed at the top of every page.

§ 4. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined. If this rule be infringed, a postage of one penny will be charged in addition to any other postage to which the publication, if properly folded, would be liable.

§ 5. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

§ 6. It must be posted within *fifteen days* from the printed date of issue.

§ 7. It must have either a cover open at the ends, or no cover, otherwise it will be charged as an unpaid letter.

§ 8. It must contain no inclosure; if it do, the inclosure will be taken out and charged as an unpaid letter, together with an additional rate of one penny.

§ 9. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus, if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient). For any breach of this rule an additional postage of twopence will be charged.

§ 10. If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp; if this be not done an additional postage of twopence will be charged.

§ 11. In case the 1st, 2nd, 3rd, 5th, or 6th regulations be infringed, the publication will be charged as an unpaid book-packet with the double book postage.

§ 12. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

\* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands. If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

§ 13. Stamped publications can be also forwarded under the regulations of the Book Post; but when so sent the impressed stamp does not count as any part of the postage.

7. The Colonial and Foreign newspaper rates are set forth in the Table of Colonial and Foreign postage, and are applicable only to such publications as have been registered at the General Post Office for transmission abroad. These publications are subject to the restrictions contained in the 3rd, 5th, 6th, 7th, 8th, and 9th of the foregoing regulations. The postage must be prepaid in postage labels.\* An impressed stamp on a newspaper addressed to a place abroad does not count as any part of the postage. The publications sent abroad under these arrangements are newspapers, magazines, prices current, market reports, &c.; published at intervals not exceeding thirty-one days. When the privilege of transmission abroad is desired for a publication, the publisher should make application to the Secretary

\* Newspapers posted unpaid are retained at the Returned Letter Office for one week; and then, if the postage still remain unpaid, are destroyed.

of the General Post Office, sending a copy of the publication. Unregistered periodicals, whether newspapers or other, cannot be sent abroad at any rates lower than those applicable to Books, &c.

8. *Newspapers for Russia.*—It is forbidden to introduce into Russia, through the post, political newspapers, in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. This prohibition does not, however, extend to political newspapers or any other publication addressed to members of the Royal Family of Russia, the Imperial Ministers, or members of the Diplomatic Corps. The admission into Russia of newspapers not of a political character, is permitted only in those cases where they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any persons residing in Russia.

PARLIAMENTARY PROCEEDINGS.

10. Parliamentary proceedings circulated inland.

—Postage.—Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the following rates of postage:—

- Weighing not more than 4 ozs., - - - 1d.
  - Weighing more than 4 ozs., but not exceeding 8 ozs., - - - - - 2d.
  - Weighing more than 8 ozs., but not exceeding 12 ozs., - - - - - 3d.
  - Weighing more than 12 ozs., but not exceeding 16 ozs., - - - - - 4d.
- and so on; one penny being charged for every additional quarter of a pound or fraction of a quarter of a pound.

The words “Parliamentary Proceedings” must be written or printed on the cover of the packet, otherwise it is treated as an ordinary book-packet.

Prepayment optional.—Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Parliamentary Proceedings, &c., sent abroad.—

Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

Book Post, including (when the foregoing special privileges are not claimed) Newspapers and other periodical Publications, and also Parliamentary Proceedings.

11. Inland Book Post, &c.—The following are the regulations of the Inland Book Post:—

§ 1. The postage is 1d. for every quarter of a pound or fraction of a quarter of a pound.\*

\* If the weight be exceeded to the smallest extent, even though the balance be merely turned, the book or printed paper becomes liable to a higher postage. To provide therefore for errors in scales, &c., it is well to

§ 2. The postage must be prepaid by means of postage stamps affixed outside the packet or its cover. If the whole postage be not thus prepaid the packet is treated in the manner described in § 9.

§ 3. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the inclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string; but in such case the Postmaster is authorized to cut the string, although he is required to refasten the packet.

§ 4. A book-packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs when not on glass or in cases containing glass, prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints will be allowed, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps, markers (whether of paper or otherwise), in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, &c., must not be sent as a separate packet, nor can patterns or books of patterns (unless these consist merely of paper) be permitted.

allow a little margin, or to pay the postage of the next greater weight. It should be remembered that a news paper when wet weighs more than when dry. Forgetfulness on this point sometimes causes groundless complaints about charges for newspapers; the complainant having erroneously supposed, on weighing the newspaper on its arrival, and when it had had time to dry, that he had been overcharged. The foregoing observations apply also to books, &c., sent abroad.

§ 5. No book-packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted but recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned to the sender.

§ 6. No book-packet must exceed two feet in length, or one foot in width or depth; and if any such packet be presented at a post office, it cannot be received.

§ 7. Any packet which is not open at the ends or sides, or has any letter or communication of the nature of a letter *written in it, or upon its cover*, is charged with the "unpaid" letter postage.

§ 8. If a packet be found to contain any letter not wholly printed, whether closed or open, or any inclosure sealed or otherwise closed against inspection, or any other unauthorized inclosure, the letter or inclosure is taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, is then forwarded to its address.

§ 9. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded, charged with the deficient book postage, together with an additional rate; but any packet which bears no postage stamp is charged with double the book postage.

§ 10. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

§ 11. The main business of the Post Office being the transmission of letters, the forwarding of books and newspapers (which no one is compelled to send through the Post Office), though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters, should not be sent through the Post.

§ 12. To prevent obstacles to the regular transmission of letters a Head-postmaster may, when necessary, delay forwarding any book-packet, not a newspaper, for a period not exceeding twenty-four hours beyond the ordinary time, and at Packet Offices the delay may, at the option of the Postmaster, be either for that period, or until the despatch of the mail next after that by which the book-packet ought otherwise to be forwarded.

12. *Colonial and Foreign Book Posts.*—Except that the rates of postage are higher, books can be sent to all British colonies, and to other foreign places, on the same conditions as those of the Inland Book Post. For exceptional rates, and modification of rules affecting certain countries, the British Postal Guide, published quarterly, ought to be consulted.

13. *Inland Pattern and Sample Post.*—The following are the rules of the Inland Pattern and Sample Post:—

§ 1. Rates of Postage. The postage is 2d. for every  $\frac{1}{2}$  lb. or fraction of a  $\frac{1}{2}$  lb.

§ 2. The postage must be prepaid by means of postage stamps.

§ 3. No packet of patterns or samples must exceed 24 oz. in weight. Any packet exceeding that weight will be sent to the Returned Letter Branch.

§ 4. There must be no writing or printing on the packet or its cover in addition to the address of the person for whom the packet is intended, except the address of the sender, a trade mark and numbers, and the prices of the articles, otherwise the packet will be treated as a letter.

§ 5. There must be no inclosures other than the samples themselves; the particulars which are allowed to be furnished under the preceding rule must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples, or the bags containing them. Any loose inclosure will be taken out and forwarded to the address on the packet charged with the full postage as an unpaid letter, together with an additional rate of a penny.

§ 6. The patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, &c., which cannot be sent in open covers, may be inclosed in boxes, or in bags of linen or other material fastened in such a manner that they may be readily opened; or in bags entirely closed, provided that they are transparent, so that the officers of the department may be able to satisfy themselves as to the nature of the contents. Non-compliance with this rule will subject the packet to be treated as a letter.

§ 7. If a packet of patterns or samples be posted altogether unpaid, it will be charged with double the postage which should have been prepaid; if a portion of the postage be prepaid, even although only a penny stamp be affixed, the packet will be charged with the amount of the deficiency, together with an additional rate of twopence.

§ 8. In order to prevent any interruption to the regular transmission of letters, a packet of patterns or samples may, when it is necessary, be kept back at the head office for 24 hours beyond the time when in ordinary course it would be forwarded.

§ 9. The rule which forbids the transmission through the Post of any article which might injure the contents of the mail bags, or the officers of the Post Office, is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, provided that they be packed or guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted which is found not to be sufficiently guarded, it will be stopped, and a notice of its detention will be sent to the person to whom it is addressed, or to the sender, who may then obtain it on personal application, *but the packet will be charged with a fine equal in amount to the postage to which it was liable as a packet of patterns.*

§ 10. In every case in which the postage chargeable under these regulations is greater than the letter-rate, the latter postage is substituted.

14. *Colonial and Foreign Pattern and Sample Post.*—Patterns and samples can be sent at the rates inserted in the Table of Colonial and Foreign Postage to such colonies and foreign countries as are marked

in that Table with the letter "P." The conditions in these cases are for the most part the same as in the case of the Inland Pattern and Sample Post, the following being the only important exceptions:—

§ 1. A packet of patterns or samples sent to France, Turkey, Syria, Egypt, Portugal, Madeira, the Azores, or Cape de Verds, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

§ 2. A packet of patterns or samples sent to Germany, Russia, Belgium, Turkey, Moldavia, Wallachia, &c., via Belgium, or to any place via Austria, must not exceed 8 ounces in weight; and the weight of a packet for Portugal, Madeira, the Azores, or Cape de Verds, is limited to 1 lb.

§ 3. None of the articles named in § 9, above, may be sent as patterns or samples to any place abroad except the United States of America, Germany, Belgium, Holland, Denmark, Sweden, Norway, Turkey, Moldavia, Wallachia, Portugal, Madeira, the Azores, Cape de Verds, and the British colonies, and not to these places when addressed "via France."

§ 4. Bags entirely closed, even though they be transparent, must not be used for the transmission of seeds to any foreign country, except the United States of America, Holland and its possessions, Belgium, Denmark, Portugal and its possessions, and Austria, via France; and samples of intrinsic value must not be sent to any foreign country.

**POSTAGE STAMPS.**

15. *Postage Stamps must be kept for sale.*—Every Head-postmaster is required to have on hand a sufficient stock of postage labels of the following rates:—

*Postage Labels—Prices.*

1st rate Labels,	-	-	-	1d. each.
2nd "	"	"	"	2d. each.
3rd "	"	"	"	3d. each.
4th "	"	"	"	4d. each.
5th "	"	"	"	6d. each.
6th "	"	"	"	9d. each.
7th "	"	"	"	10d. each.
8th "	"	"	"	1s. each.
9th "	"	"	"	2s. each.
10th "	"	"	"	5s. each.

*Embossed Permy Envelopes* are of four sizes, viz., 5¼ inches by 3¾ inches, 5½ inches by 3 inches, 4¾ inches by 2¾ inches, 4 inches by 2½ inches; and are sold at the following rates:—

12 to be sold for	-	-	-	1s. 1½d.
8 "	"	"	"	0s. 9d.
6 "	"	"	"	0s. 6¾d.
4 "	"	"	"	0s. 4¾d.
2 "	"	"	"	0s. 2¾d.
1 "	"	"	"	0s. 1¼d.

16. *Stamps.*—Prepayment of inland letters, &c., must be by labels or embossed stamps. British postage stamps are not available, as a general rule, for the payment of letters, &c., coming into this country.

17. By using embossed envelopes all risk of the stamp being detached may be avoided; but when labels are used, they should be examined to see that they firmly adhere, since if they fall off, the letters, &c., will be charged with postage, which, in the case of inland letters, is double the prepaid rate; while,

as respects many letters addressed to many places abroad, the transmission will be altogether stopped. The labels should be placed on the front of the letter, and upon the right hand corner of the upper side. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which had been previously used. Receipt or Inland Revenue stamps cannot be used in place of postage stamps; nor can postage stamps which have been torn, cut, or otherwise rendered imperfect, be used.

18. *Postage Stamps purchased from the Public.*—All Postmasters in the United Kingdom at whose offices Money Order business is transacted are permitted, though not compelled, to purchase postage stamps from the public, provided the stamps be not soiled or otherwise damaged, at a charge of 2½ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the payments are as follows:—

s.	d.	s.	d.		
1	7½	for stamps of the value of	1	8	
3	3	"	"	3	4
4	10½	"	"	5	0
6	6	"	"	6	8
9	9	"	"	10	0

and so on. No separate stamps can be purchased; they must in all cases be presented in strips containing at least two stamps adhering to each other.

**REGISTRATION.**

19. By the prepayment of a fee of fourpence, any letter, newspaper, book, or other packet, may be registered to any place in the United Kingdom or the British Colonies. Registered letters must be prepaid as regards both postage and registration fee; in the case of inland letters, such prepayment must be by stamps, but in the case of foreign letters it may be either in money or in stamps.

20. The registration of a packet makes its transmission much more secure, and the loss of such a packet is a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk, and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which unquestionably contain coin, even though they be posted without registration, are *treated as registered*, and charged on delivery with a double registration fee of *eightpence*, in addition to the ordinary postage, and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

21. Every letter to be registered should be presented at the window, and a receipt obtained for it, and on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom or the British Colonies*, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence. A registered letter, if reposted as an ordinary letter with the word "*Registered*" uneraser or erased in pencil only, will also be liable to a registration fee of *eightpence*.

22. *Time of Posting.*—The time for posting registered letters at Glasgow is half an hour before the closing of the mail by which they are to be despatched. For a *late fee of 4d.* they are taken until the expiration of that half hour.

23. No Letter Carrier, Rural Messenger, or other servant of the Post Office is allowed to carry a letter for any person to be registered.

24. *Registration of Letters addressed to Foreign Countries.*—The fee chargeable for registering a letter, in addition to the ordinary postage, *both of which must be prepaid*, will be found against each country or place in the table of Colonial and Foreign postage. Letters, newspapers, books, and patterns, may be registered to any place in the British colonies, the United States of America, Italy, or the German States; but to other Foreign Countries only letters and packets prepaid at the letter rates can be registered. To some countries there is no arrangement whatever for registration.

25. Where the prefix "in" is made use of in the column of fees in the table of Colonial and Foreign Postage, the letter can be registered only to the port of arrival; it being left in those cases to the postal authorities of the country to which that port belongs to continue the registration if they think proper.

26. *France and Countries through France.*—The registration fee upon letters addressed to France, or countries through France (exclusive of those sent in the closed mails via Marseilles, Gibraltar, via France, Malta, Constantinople, Austria, Portugal, Spain, or Italy, except the Papal States), is not a fixed sum, but is in all cases equal to the postage.

27. Letters for passengers on board the Cunard and Inman Packets for America, touching at Queens-town, provided they be addressed to the care of the officer in charge of the mails on board of the Cunard Packets, or in the case of the Inman Packets, to the care of the commander, and be registered, may be posted in any part of the United Kingdom.

28. Letters for passengers on board the Mediterranean Packets, sailing from Southampton with the mails for India, Australia, China, &c., or on board the Canadian Packets, touching at Londonderry, may under similar conditions be posted up to the same time as ordinary registered letters for India, Australia, &c., or for Canada.

29. The letters should be addressed thus, "Mr. \_\_\_\_\_, on board the mail packet at Queenstown (Londonderry or Southampton), care of the officer in charge of the mails," or "care of the commander of the packet," as the case may be.

30. *Parliamentary Notices.*—Parliamentary notices may be forwarded through the post under the following regulations:—

§ 1. The words "Parliamentary notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter, though this is not imperative.

§ 2. These notices must be posted either at the General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one or other of the following towns:—

Aberdeen,  
Athlone,  
Belfast,  
Birmingham,  
Bristol,  
Cork,  
Exeter,  
Glasgow,

Inverness,  
Leeds,  
Lincoln,  
Liverpool,  
Manchester,  
Newcastle-upon-Tyne,  
Norwich,  
Shrewsbury.

§ 3. All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, may be posted after the 12th of that month.

§ 4. The postage chargeable on these notices and the registration fee of sixpence on each must be prepaid by stamps.

§ 5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged for the convenience of comparison in the order of the list. These lists will be examined by the officer in attendance at the window, and if they correspond with the addressee, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

31. *Time for Posting Parliamentary Notices.*—The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office, in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same; provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are liable to an additional rate of postage, like letters.

32. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting them, and state the probable number.

33. Notices relating to votes for members of Parliament belonging to any of the classes enumerated in the Acts 6 Vict. c. 18, and 13 and 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts), on prepayment in stamps of the postage, whether inland or foreign, as the case may be, and of a registration fee of twopence, provided they be presented duly directed, open, and in duplicate, to the Postmaster of an office which is also a Money Order Office. On receiving the notices, the Postmaster will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The production by the person who posted such notice of such stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would in the ordinary course of post have been delivered there. The notices must be presented at least half an hour before the fixed time for posting ordinary letters. They are liable to the usual charge for re-direction.

34. *Poll-Books.*—When a poll-book is presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an

acknowledgment thereof in writing, stating the time when he received it.

35. No registration fee is demanded for poll-books, and prepayment of the postage is optional, without regard to weight or size.

36. *Jury Summonses.*—Under the following regulations jury summonses may be sent through the post:—

§ 1. They must bear the words "Jury Summons" on each, on the same side as the address.

§ 2. The postage, together with a fee of twopence on each summons, must be prepaid in postage stamps.

§ 3. They must be posted at those offices only which are also Money Order Offices, and each must be accompanied with a duplicate endorsed with the name and address of the person to whom the original summons is directed. On receiving them, the Postmaster compares their addresses with those of the duplicates, and on being satisfied that they are alike, he forwards the originals in the usual course of post, but not as registered letters, returning the duplicates to the person who brought them, duly marked with the stamp of the office.

### DELIVERY.

37. Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they have completed them, except such as have passed through a Post Office. Neither are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

38. *Delivery at Window.*—No person living within the town free delivery, unless he rent a private box, can claim to have his letters at the office window.

39. In order to prevent the additional trouble which is sometimes caused by letters being directed to the Post Office, although for persons residing within the free delivery, but who have no private box, the officers of the Post Office are authorized, when such letters arrive, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers, except such as are addressed to the military in barracks.

40. *Private Boxes and Bags.*—Any person can have a private box who is willing to pay the appointed fee, which is fixed at one guinea per annum to be paid in advance, and for a period of not less than a year. The same also, in most cases, are the terms for a private bag, except that, in addition, there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half a guinea per annum, if the bag be conveyed by a Rural Messenger, and two guineas if by a contractor for a mail cart or other horse post. The weight of a private bag, when empty, is limited to one pound. As the service of a private bag may possibly delay the despatch of the general bag, none are allowed without the permission of the surveyor of the district.

### MISCELLANEOUS REGULATIONS.

41. The Post Office is not responsible for any injury which books or other articles forwarded by post may sustain, and the public therefore should not

employ the Post Office for the conveyance of anything likely to suffer injury, unless such thing be sufficiently protected; neither is it responsible for any loss or inconvenience which may arise from the mis-sending, mis-delivery, loss, &c., of a letter or any other postal packet.

*Limit to Size of Letters, &c.*—With the following exceptions, no inland or foreign letter, &c., can be forwarded by the post which is more than two feet in length, or one foot in breadth or depth. The exceptions are—

§ 1. Packets to or from any of the Government offices or departments, or public officers.

§ 2. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.

§ 3. Petitions to either House of Parliament, forwarded to any member of either House.

§ 4. Printed Parliamentary proceedings.

42. *Official Information.*—No information can be given respecting letters which pass through a Post Office\* except to the persons to whom they are addressed; nor can the address of any private person be given, and in no other way is official information of a private character allowed to be made public.

43. *Letters† cannot be returned to Writers.*—Postmasters are not allowed to return any letter, or other packet, to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

44. Should a letter be forwarded under cover to any postmaster with a request that he will re-post it at his office, such request will not be complied with; and the letter and application respecting it will be sent to the returned letter office.

45. *Re-directed Letters, &c.*—Every re-directed letter or other postal packet will be liable to an additional postage (at the prepaid rate).

46. A registered letter, when re-directed, is only liable to the same additional charge as an ordinary re-directed letter, and, if re-posted, a second registration fee must be paid with it.

47. Letters which have once been posted, addressed to commissioned officers in the army, navy, or ordnance, or to non-commissioned officers, private soldiers, or seamen employed on actual service in any of her Majesty's colonies, or on any foreign station, and who, before receiving the letters, may have started on their return home or to another station, may be re-directed to such officers, private soldiers, or seamen when these have removed *upon service*, and will be delivered to them without any charge for re-direction. The same privilege extends to the letters of non-commissioned officers, private soldiers, and seamen, re-directed from one part of the United Kingdom to another, or from the United Kingdom to a place abroad; provided that the original postage is prepaid, and the letters do not exceed  $\frac{1}{2}$  oz. in weight; but no such privilege is allowed with regard to letters for a commissioned officer re-directed from one part

\* The term "Post Office" applies to all Post Offices, whether Head-Office, Sub-Office, or Receiving Office. A "Head-Office" is an Office subordinate only to a Metropolitan Office. Both Sub-Offices and Receiving Offices are under Head-Offices; but at Receiving Offices letters are received only, not delivered.

† The term "Letters," &c., is meant to include everything sent by the post; whether letters, newspapers, books, or aught else.

of the United Kingdom to another, or, if posted in the United Kingdom, re-directed to a place abroad.

48. A Postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited, or the letters would be delayed in their transmission by being sent to the house to be re-directed there. In all cases of re-direction, a written authority duly signed by the person to whom the letters are addressed must be sent to the Postmaster.

49. *Sunday*.—During the time the office is open on Sunday (viz., from eight to nine in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

50. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing as they may think proper; but no person can be permitted to engage a private box for Sunday only.

51. *Change and Bad Money*.—No Postmaster is bound to give change, or is authorised to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

52. *Postmasters not bound to weigh Letters for Public*.—Except as regards foreign and colonial letters about to be prepaid in money, the officers of the Post Office are not bound to weigh any letters or other packets for the public, though they may do so if their duty be not thereby impeded.

53. *Forbidden Articles*.—The officers of the Post Office are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a letter, &c., be posted in the letter-box, and discovered before its despatch, it is detained, and a report of the case made to the Secretary G.P.O. The following are examples of the articles referred to:—A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or combustible; razors, scissors, needles, knives, forks, or other sharp instruments insufficiently protected.

54. *Undelivered Letters*.—When the reason for the non-delivery of a letter, &c., is "Deceased," the letter is sent, as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before the arrival of such letters at the port of departure. When the reason is "Refused," the letter, if an inland one, is retained at the Post Office for one day only before being sent to the Returned Letter Office, unless the refusal be conditional, in which case the letter is kept for three days, as are all foreign or colonial letters when refused, and letters, whether inland or foreign, addressed to persons not known, or gone away. When the reason is "Not called for" (the letter being addressed to a Post Office), the packet is retained one month; except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months.

55. *Penalties for sending letters otherwise than through the Post*.—By the Act 1st Victoria, cap. 36,

sect. 2, any person conveying otherwise than by the Post a letter not exempted from the exclusive privilege of the Postmaster-General, incurs a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every letter, with full costs of suit.

56. *Exceptions from exclusive privilege of Post Office in conveyance of Letters*.—The following are the exceptions granted by the Act 1st Victoria, cap. 33, from the exclusive privilege of the Post Office, in the conveyance of letters:—

§ 1. Letters sent by a private friend, so as such letters be delivered by such friend to the party to whom they shall be directed.

§ 2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

§ 3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

§ 4. Letters of merchants, owners of vessels of merchandise, or the cargo or loading therein, sent by such vessels of merchandise, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

§ 5. Letters concerning goods or merchandise sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

6. No person is authorized to make a collection of such excepted letters for the purpose of sending them in the manner above described.

57. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

§ 1. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack-horses; and owners, drivers, or guards of stage-coaches.

§ 2. Owners, masters, or commanders of ships, vessels, steamboats, or boats called or being passage or packetboats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

§ 3. Passengers or other persons on board any such ships, vessels, steamboat, passage or packet boat.

§ 4. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other of her Majesty's dominions.

### MONEY ORDERS.

58. *Application Forms*.—The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

59. *Commission*.—The commission on inland Money Orders is as follows:—On sums not exceed-

ing £2, threepence; above £2 and not exceeding £5, sixpence; above £5 and not exceeding £7, ninepence; above £7 and not exceeding £10, one shilling.

60. No order is allowed to contain a fractional part of a penny.

61. *Particulars Required.*—With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

§ 1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company."

§ 2. When the remitter notifies that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

62. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone. It is not incumbent on a Postmaster to supply such information relative to local or provincial offices, but the nearest Money Order Office to any street in London may be ascertained by referring to the Street List.

63. *Orders cannot be Cancelled.*—An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the paying Postmaster according to the directions printed on the back of the order.

64. The remitter of an order may make that order payable ten days after date, provided he sign the request "C" printed on the order, and affix a penny receipt stamp thereto, in presence of the issuing Postmaster.

65. *Payment of Money Orders.*—When an order is presented for payment (otherwise than through a bank) the Postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter, and if the reply be correct, the order will be paid, unless the Postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by any other person), and that it be presented crossed with the name of the receiving bank by some person known to be in the employment of the bank.

66. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

67. Money Orders do not require a receipt stamp.

68. *Lapsed and Void Orders.*—Payment of an order, issued and payable in the United Kingdom,

must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. The period for payment of orders issued in the United Kingdom and payable in any colony authorised to transact Money Order business, including Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. Any person presenting a lapsed order will be furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January and not paid before the end of next January), all claim to the money will be lost.

69. No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

70. To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it cashed, the remitter is recommended—

§ 1. When he is well known to the payee, to sign the letter inclosing the order with his initials only.

§ 2. When this is not the case, to make the order payable ten days after date, to register the letter inclosing it, or to make the order payable through a bank.

§ 3. When it is not considered expedient to adopt any of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than any of the others.

71. *Payment cannot be Demanded on day of Issue.*—Under no circumstances can payment of an order be demanded on the day of issue.

72. *Duplicate Orders, Transfers, Repayments, Alteration of Name, &c.*—In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and inclosing the amount of a second commission, in postage stamps) to the Comptroller of the Metropolitan Money Order Office, of that part of the United Kingdom where the original order was issued; and if it be desired to stop payment of an inland order a similar application, with a like inclosure of postage stamps, must be made to the Comptroller of the Metropolitan Money Order Office of that part of the United Kingdom where the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper

printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

73. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the applicant for payment shall communicate with the remitter, and request him to apply personally to the issuing Postmaster.

74. No letter-carrier or other servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

## COLONIES.

75. Money Orders are issued at all Money Order offices in the United Kingdom of Great Britain and Ireland, on Money Order offices in Alexandria, Constantinople, Gibraltar, Malta, Bahia, Buenos Ayres, Montevideo, Pernambuco, and Rio Janeiro, at a charge equal to threefold the commission on inland Money Orders, and on Money Order offices in the subjoined list at a charge equal to fourfold such commission:—

WESTERN AUSTRALIA.

76. The only Post Offices in Western Australia which are authorized to issue Money Orders on the United Kingdom, and to pay Money Orders issued in the United Kingdom on Western Australia, are those at Perth and Albany (King George's Sound); but local arrangements are now in operation in the Colony, by which orders drawn on Perth in favour of persons residing in the under-mentioned towns and districts can be negotiated, and the signature of the payee always obtained on the orders.

77. The renewal of a lapsed order, the issue of a duplicate order, or the stoppage of payment of an order issued by a Colony on the United Kingdom, will be made on application to the Comptroller of the Metropolitan Office of that portion of the United Kingdom in which such Colonial Order is payable, provided an additional British Inland Rate of Commission be inclosed with the application; except in the case of lapsed orders, when the additional commission will be deducted from the amount of the new order issued by the department; but the lapsed order must be transmitted with the application for its renewal. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of Colonial orders originally drawn on their own offices.

78. For repayment of the amount of a Money Order, or for the correction of any error respecting the name of the payee or remitter of an order issued by a Colony on the United Kingdom, the application on the subject, inclosing an additional Colonial Inland rate of Commission, must be addressed to the Comptroller of the Metropolitan Office of the Colony in which such order was issued.

#### POST OFFICE SAVINGS BANKS.

79. *Hours of Business.*—Every Post-Office Savings Bank, which is also a Money-Order Office, is open for bank business during the same hours as for Money Orders.

80. *Amount of Deposits.*—Deposits of any amount, not less than One Shilling, and not including any pence, are received at any Post-Office Savings Bank, provided those made by any separate depositor in any year ending on the 31st December do not increase the total amount of his deposits by more than £30, and provided such total amount, exclusive of interest, is never more than £150. When any depositor's principal and interest amount together to £200, no more interest will be allowed until this sum of £200 be lessened.

81. *Interest.*—Interest calculated yearly at the rate of £2 10s. per cent. per annum will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

82. *Transfers of Deposits.*—A depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and on his written application, accompanied by his book, to the chief office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him, and his account with the Post Office Savings Bank will thereupon be closed. A depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him, and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth, and on the certificate being forwarded to London, and

verified by the National Debt Commissioners, an account for the amount thereof will be opened with the depositor, and an acknowledgment for the amount will be sent to him.

83. *Withdrawals of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

84. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a justice of the peace, or in case of sickness, of the medical attendant. The Postmaster-General will endeavour to prevent fraud, and to identify every depositor transacting business with the Post Office Savings Bank; but if any person shall obtain possession of a depositor's book and then fraudulently represent himself to be the depositor, and by forwarding the proper notice of withdrawal, and by presentation of the depositor's book, and compliance with the rules of the department, shall obtain any sum of money belonging to that depositor, the Postmaster-General will not be responsible for the loss thereof.

85. *Secresy.*—The officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

#### GOVERNMENT INSURANCES AND ANNUITIES.

86. The Postmaster-General is empowered under the Act 27 and 28 Vict., cap. 43, to insure the lives of persons of either sex between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards.

The persons whose lives are insured, or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow has been opened for the receipt of proposals for the insurance of lives, and the purchase of annuities, and forms of proposal, with full instructions for filling up and delivering these forms, as well as every other necessary information, may be obtained on application.

#### MAILS FOR THE ORKNEY ISLANDS.

From the 1st April to the 30th September, the mails are despatched daily (excepting Sunday), from Thurso, in Caithness, at 9.40 a.m., returning from Stromness at 4.45 a.m. During the winter months, however, the mails are despatched on alternate days only, from Thurso at 12 noon, and from Stromness at 7.30 a.m. The distance is 30 miles.

#### MAILS FOR THE SHETLAND ISLANDS.

The mails for the Shetland Islands are despatched from Aberdeen every Friday evening, arriving at Kirkwall on Saturday, and at Lerwick on Sunday morning; returning from Lerwick to Aberdeen every Monday at 6 and 10 p.m. alternately.

LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alterations in the course of the current year, and, therefore, the Tables exhibited in the Lobby of the Post-Office ought to be occasionally consulted.

With some exceptions, all Head Offices are Money Order Offices. All Offices at which Money Order business is transacted, are marked thus, *m*.

When in the subjoined list *one* place only is mentioned, it is a Head Office, and when there are two, the *first* is a Sub-Office, and the *second* is the Head Office to which the first is subordinate. It sometimes happens that there is a Money Order Office *nearer* the Sub-Office than is the Head Office. In these cases such Money Order Office is added as a *third* name for the information of any persons who may wish to remit money to the neighbourhood.

ESTABLISHMENT OF BURSARIES.

The faculty beg to direct attention to certain Bursaries, each of the value of Ten Pounds per annum, to endure for three years, which they have established for the purpose of affording encouragement to young men desirous of prosecuting their legal training in the offices of writers in Glasgow.

The committee of management will, on 1st August next, issue to every candidate who shall have then intimated to the secretary his intention to compete, a notice of the exact time and place in

Glasgow at which the competitive examinations will take place.

The candidates, at the time of their examination, must not be under 16, and not more than 19 years of age, and shall have been at least one year employed as a clerk or apprentice by some member of the legal profession in Glasgow.

The subjects of examination which shall be deemed essential are—English Reading, Grammar and Composition, Writing to Dictation, Arithmetic, Geography, and the Rudiments of Latin.

BAILLIE'S INSTITUTION

Was founded by Mr. George Baillie, writer in Glasgow, who divested himself in his lifetime of his whole fortune (£18,000), with its accumulations during twenty-one years, from 11th November, 1863, to endow his said institution for the *self-culture* of the operative classes in Glasgow, of both sexes, by means of *Free Public Libraries and Reading-Rooms*, over the city and suburbs; and for the *tuition* and *training* of their children in schools *strictly unsectarian*. The Dean, Council, and Clerk of the Faculty of Procurators in Glasgow are perpetual Preceptor, Patrons, and Directors of the institution.

The River Clyde is divided into Three Stages, and the following are the Rates exigible upon each:—The first stage extends from Stockwell Bridge to the Old Ferry at Renfrew, being about six hundred and sixty yards to the east of the present Ferry, and the rates on Vessels, Goods, Animals, and Carriages, passing in

or upon any part thereof, are two-third parts of the aforesaid rates. The second stage extends from the Old Ferry at Renfrew to the mouth of Dalmuir Burn; and the rates exigible thereon are one-sixth part of the aforesaid rates. The third stage extends from Dalmuir Burn to Newark Castle; and the rates exigible thereon are one-sixth part of the aforesaid rates.

The Rates on all Goods carried by Vessels moored or placed in the portion of the Harbour of Glasgow between Glasgow Bridge and Hutchesontown Bridge, will, on and after 1st January, 1865, be reduced to one-half the rates specified in the Trustees' published table of rates, as authorized to be levied on the same description of goods respectively, when carried coastwise.

Goods on which the reduction will be made, must, in terms of the Clyde Navigation (Glasgow Harbour Tramways) Act, 1864, consist of coasting traffic, and be destined to, or brought from places on the River or Frith of Clyde, within a straight line drawn due East and West, from the Cloch Lighthouse.

#### REGULATIONS FOR TIMBER YARD.

The Trustees of the Clyde Navigation will allow Timber, Deals, Battens, Staves, and Lathwood to be Landed and Stored on the ground at Stobcross Timber Yard, under the following regulations:—

I. All timber to be landed and stacked in such manner as shall be directed by the Harbour Master.

II. No Deals, Battens, Staves, or Lathwood shall be allowed to remain in the South Yard (next the jetties) for a period exceeding four weeks after the ship is discharged, except with the sanction of the Harbour Master. Spars and square timber shall be at once taken to the North Yard.

III. After the expiry of the above four weeks, the timber will, if there is room, be allowed to remain in the South Yard for seven days longer; but if not wholly removed by that time, what remains will, without further notice, be removed at the risk and expense of the owner.

IV. No rent will be charged for the first four weeks after the cargo is landed; thereafter rent to be paid at the rate of one penny per ton per month, or part of a month, on oak, elm, ash, birch, fir, and pine; two-pence per ton per month, or part of a month, on teak and crooked timber; threepence per ton per month, or part of a month, on mahogany; and sixpence per ton per month, or part of a month, on Brazil, ebony, and other fancy woods (50 cubic feet of fir timber to be computed one ton; 40 cubic feet of hardwood, one ton; 600 pieces of bogshead staves, one ton; 150 pieces of standard pipe staves, one ton).

V. When timber is sold by the importer or agent on the ground, he shall, notwithstanding, continue liable, not only for the rent previously due, but also for the rent for one month after the date of the sale, and shall only be relieved of liability thereafter upon giving to the Harbour Master, at the expiry of said month, a list of the names of the purchasers whose timber shall not then have been removed.

VI. All rent and expenses to be paid before the timber is removed from the yard.

VII. The Clyde Trustees undertake no responsibility for the safe custody of the timber, and it can only be allowed to remain in the yard at the risk of the owner.

THIS SOCIETY differs in its principles from any other Office. Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common fund from loss on account of their individual Assurances.

A Policy of £1200 to £1250 may thus at most insuring ages be had from the first for the Premium elsewhere charged to assure £1000 only; while the effect of *reserving* the surplus has been, that Policies originally for £1000, which have shared at the three septennial Investigations, have already been increased to £1400, £1600, and even to £1800.

ITS TERMS are therefore well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is important to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

The Society has, from an early date, taken a leading part in the relaxation of restrictions on Policies, and in the removal of all grounds of challenge. Policies are not rendered void by error in the original Statements by the Proposer or his Referees, unless these are proved to have been "*fraudulent as well as untrue.*"

## FOREIGN RESIDENCE AND TRAVEL.

Members (not Naval or Military men, or engaged in seafaring occupations) are free to reside in any part of the World to the north of 35° N.—excluding Asia—and to the south of 30° S.

## EXAMPLES OF PREMIUM FOR ASSURANCE OF £100 AT DEATH (WITH PROFITS).

AGE.	25	30	35	40	45	50
PAYABLE DURING LIFE.	£1 18 0	2 1 6	2 6 10	2 14 9	3 5 9	4 1 7
LIMITED TO 21 YEARS.	£2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

Thus a person of 30 may secure £1000 at death, with Profits, for a yearly premium of £20 15s., which in the other Scottish Mutual Offices would assure £800 only.

Or, if unwilling to burden himself with payments during the whole of his life, he may secure a Policy for £1000 (with Profits) for a Premium of £27 13s. 4d., *limited to twenty-one payments*, being nearly the same as most Offices require during the whole term of life. TO PROFESSIONAL MEN and others whose income is dependent on the continuance of health and activity, this mode of Assurance is specially recommended.

TABLES OF PREMIUMS TO CEASE AFTER 7, 14, OR OTHER NUMBER OF YEARS, MAY BE HAD.

The New Business of 1867 was upwards of £600,000. Subsisting Assurances upwards of Six Millions. Annual Revenue, £230,000. Accumulated Fund arising entirely from Premiums, £1,865,000, all invested in unexceptionable securities.

The System adopted by this Institution gives to the Assured every advantage Life Assurance is capable of affording; and the success with which it has been attended, arising from its extended connection, and the safe and liberal principles on which it is founded, is sufficiently proved by the fact that it has issued

DISTRIBUTION OF PROFITS.

Nine-tenths or ninety per cent. of the profits are divided every seven years among the participating Policy-holders. Policies of five years' duration becoming Claims between one Division of Profits and another, are entitled to an Intermediate Bonus.

The Company's system of Division of Profits, while it does not exclude younger Policy-holders from their fair share in the allocation of Bonus, reserves a much larger proportion for those whose Policies have existed for a long period, and who have themselves attained an advanced age.

Five Periodical Investigations have already been made, and the results of the equitable principle of Distribution are brought out in the very large Bonuses which attach to cases fulfilling these conditions, and are fully illustrated by the undernoted examples.

THE RATES OF PREMIUMS

are moderate, and will bear favourable comparison with those of other First-class Offices.

The next valuation will be made up to Christmas, 1869.

The sum of £4,623,083 has been paid during the existence of the Office for claims under Life Policies, of which amount a very considerable part was for Bonuses.

Persons assuring in Great Britain have the option of Participating Rates of Premium, or of Non-Participating Rates.

The Rates of Premium have been adjusted in accordance with a long experience, and bear equitably on all ages.

The Non-Participating Scale is particularly adapted to parties wishing to assure a fixed sum only, at a fixed rate of Premium, and on low terms.

No Extra Premium is required for the voyage to or residence in any part of Europe during peace; nor on the lives of persons in the Army or Navy while residing in the United Kingdom in time of peace.

Residence in countries beyond the limits of Europe is allowed on favourable terms; in most temperate climates without extra premium; a moderate charge being made for the voyage only.

Whole World Assurances are granted.

### FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Mills, Manufactories, Distilleries, Warehouses, Stores, Ships Building, Ships in Harbour, Houses, Furniture, Stock-in-trade, &c., assured for the year, or any shorter period.

FIRE DUTY now reduced to 1s. 6d. per cent. per annum, and no charge for Policies or Stamps.

Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances, may be obtained on application to the Office, No. 92 Cheapside, London; or to any of the Company's Agents.

## LIFE DEPARTMENT.

### SPECIAL BONUS NOTICE.

In the Participation Branch, the Assured, while fully protected by the subscribed and accumulated capital, and exempted from all liability of partnership, actually receive larger bonuses than if they formed a Mutual Society, and allocated amongst themselves their entire profit, without reserving any Guarantee Fund. This arises from five-sixths of the profits of the Non-participation Branch being divided amongst the profit Policy-holders, and a considerable share of the expenses of management being borne by the Fire Department.

No part of future profit has been anticipated, and notwithstanding that the valuations have all along been made on the strictest principles of actuarial science, increased Bonuses have been declared at each successive investigation, forming a marked difference from the experience of other offices.

## FIRE DEPARTMENT.

Nearly all classes of risks are insured by the Company, and at rates as low as are consistent with safety. Claims are adjusted with liberality, and settled with promptitude. *Losses by gas explosions, in property insured by the Company, admitted, and property burnt by lightning paid for.* All the advantages of the reduced duty given.

# COUNTY FIRE OFFICE,

50 REGENT STREET, AND 14 CORNHILL, LONDON.

The COUNTY FIRE OFFICE was Established in the year 1806, upon the principle that the interests of its Policy-holders and its own should be identical. A system of strict economy and caution has enabled the Directors to return to their Policy-holders a considerable portion of the Premiums found to be in excess of the risks. These returns, which originally varied with the profits of the year, are now fixed at the rate of 25 per cent. They are paid out of a fund specially provided for the purpose, and take precedence of the Dividends to the Shareholders. The Insured are exempt from all personal liability.

The following Table contains the Names of some of the Policy-holders who have participated in these Returns:—

"THE ARTIZAN"  
**PATENT OFFICE**  
AND  
**DESIGNS REGISTRY**  
(OFFICE OF "THE ARTIZAN" FOR SCOTLAND).

W. R. M. THOMPSON & CO., 20 BUCHANAN STREET, CONSULTING ENGINEERS AND PATENT AGENTS, in connection with WILLIAM SMITH, Esq., C.E., Director of the Artizan Patent Office, London, Proprietor and Editor of the *Artizan*, a Monthly Record of Engineering and the Industrial Arts.

The Subscribers beg to announce to Engineers, Inventors, Patentees, and others, that they execute all business connected with the obtaining of **BRITISH, COLONIAL, AND FOREIGN LETTERS PATENT FOR INVENTIONS, THE REGISTRATION OF DESIGNS, AND ALL OTHER PATENT AGENCY BUSINESS, AS WELL AS THE MAKING OUT OF PLANS AND SPECIFICATIONS OF ALL KINDS OF MACHINERY, IN THE MOST CORRECT AND EFFICIENT MANNER, AND AT THE LOWEST POSSIBLE CHARGE.**

The extensive practical experience acquired by Mr. W. R. M. T. as a Mechanical Engineer since 1833, and also as a Patent Agent, gained during the management of the Engineering and Drawing Department of the business of the late Wm. Johnson, Esq. (of the *Practical Mechanic's Journal*) since 1849, has given him such an intimate knowledge of most of the valuable Patented Inventions connected with Textile Manufactures, and Machinery of every description, as will enable him to give the most reliable opinions and advice as to the *novelty or validity of Patentable or Patented inventions*, and also as to all *questions of infringements*; and having in Mr. Smith so valuable a coadjutor, from his well-known authority on all scientific and legal matters connected with Patents, together with the extensive connection formed by him in the course of his long practice in nearly every country where Patents are granted—will, it is hoped, be a sufficient guarantee that all business intrusted to the Subscribers will be executed in the most *careful and efficient manner*. Cost of Provisional Protection for British Patent £8 8s. (Patent, Complete, averages £33 12s. more); and Foreign and Colonial Patents on equally moderate terms.

Persons at a distance can receive protection by furnishing a rough description of their Inventions, and have the necessary papers forwarded to them for signature, as well as by personal attendance.

All general information in reference to Patents given free on personal application, or by letter, when an addressed stamped envelope is inclosed.

*The ARTIZAN supplied, and all business for it in Scotland may be transacted through the Subscribers,*

MR. MACKENZIE, who was for many years Editor and Proprietor of the *Glasgow Old Loyal Reformers' Gazette*, has been earnestly requested by numerous friends to bring out a volume or two of his Reminiscences, from facts placed within his own knowledge, and never before published in any concise or authentic shape. He therefore intends to begin with the extraordinary History of the Spy System pursued in Glasgow in the days of Lords Sidmouth and Castlereagh, which he originally detected and brought to light many years ago, leading to the remarkable State Trials of 1819-20—to the dread Executions which then took place—to the *Exposé* of Richmond the Villain Spy—and to many other thrilling events; including some remarkable Trials in which Francis Jeffrey, James Moncrieff, and Henry Cockburn, took part, with the present Lord President, &c.

GLASGOW, Macpherson Street, May, 1868.

THE COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee beans of commerce. It may be remarked, as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Macpherson Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

## RELIANCE LETTER-BOX, (REGISTERED.)

THE above Drawings represent Vertical Sections of a New Letter-Box, for preventing fraudulent abstraction of Letters, by the simplest possible means, and without liability to derangement.

### EXPLANATIONS.

The Box, A, is an ordinary Letter-Box, with the usual opening, B, for inserting the Letters, which slide down the inclined plane, E, and fall on the other inclined plane, F, and then to the bottom of the Box.

These inclined planes are marked with serrations (see Fig. 3), which, in the event of any string or wire with adhesive matter attached being lowered into the Box, catch such string or wire, and throw the Letters down.

### ADVANTAGES.

- 1st,—Its extreme simplicity.
- 2nd,—No movable parts, thus preventing derangement. Movable parts form the great objection to all "improved Letter-Boxes" which have as yet been offered to the public.
- 3rd,—The impossibility of abstracting letters, thus making it thief-proof.
- 4th,—Can be made all sizes.

**REPORT OF A CHEMICAL EXAMINATION**  
 OF  
**YUILLE'S**  
**ESSENCE OF COFFEE.**

ANALYTICAL LABORATORIES, GLASGOW MECHANICS  
 INSTITUTION, 12th September, 1867.

I hereby certify that I have made a careful, searching, and most exhaustive Chemical Examination of YUILLE'S ESSENCE OF COFFEE.

For several months past I have made repeated analyses of the Essence in all the stages of its preparation—from the very commencement of the preliminary experiments for its manufacture to this time, when it is about to be sent into market. I have no hesitation whatever in stating that I believe it to be the most concentrated that has yet been prepared.

The purity of the article is undoubted, and the proportion of aromatic principle which it contains far exceeds that in any specimen I have yet subjected to analysis. The amount required to make a cup of excellent Coffee is, in my opinion, less than that of other Essences of Coffee. I can bear favourable testimony to the careful and exact manner in which it is prepared, and I augur for it a large and ready consumption.

R. CARTER MOFFAT, Ph.D., F.C.S.E.,

Lecturer on Chemistry and Consulting Analytical Chemist

YUILLE'S ESSENCE OF COFFEE.—We were recently afforded an opportunity of testing the merits of this article of diet, and can honestly bear testimony in its favour. We incline to the opinion that essences, however skilfully prepared, rarely, if ever, equal in quality the substances from which they are extracted; but we have no hesitation in affirming that, in the way of Coffee, Mr. Yuille's extract comes the nearest to equalling that beverage, when properly prepared in its more common form, of any which has come under our notice; and we have therefore the greatest confidence in recommending it to those who, either from taste or convenience, prefer to use the essence rather than the powder of the fragrant berry. Speaking of Mr. Yuille's mode of extracting the essence, our contemporary, the *Morning Journal*, says:—We had recently the pleasure of inspecting the new machinery constructed by Mr. Andrew Yuille, at 132 Trongate, for extracting the essence of Coffee, and have much pleasure in bearing our testimony to the ingenuity of the invention and the excellence of the article produced. The machinery is constructed upon the "vacuum principle," the whole essence of the bean being first extracted in air-tight vessels, and conveyed from thence by means of a pipe to the "distillery," where it is boiled at a heat of from 110 to 120 degrees, under a vacuum of 29 to 29½ inches. The vessels and pipes which the liquid passes through are made of copper, and lined with silver so as to prevent the slightest taint from verdigris, while all the aromatic elements of the bean are preserved without being in the slightest affected with that burned taste so peculiar to the generality of the essence of Coffee, by being concentrated at the moderate degree of heat we have indicated. The finest of beans is used, as it is found cheapest and produces the best article, and we have no doubt but Mr. Yuille's essence of the Coffee bean will soon become an article of daily use by lovers of cups of good Coffee.—THE HERALD, 21st December, 1867.

APPOINTED SOLE AGENT IN SCOTLAND BY THE PATENTEE,

**A** GAIN solicits attention to these really useful and efficient Hand Printing Machines, which may be seen in operation in the different Banks, Railway and other Public Offices, &c., where they have superseded all other kinds of printing by hand. Their utility is most valued where they have been longest in use.

They are suited to print Names, Dates, &c., on *all kinds* of Documents, Tickets, &c., where there is repetition. Where they have been introduced many uses for them have been found, though not previously thought of.

Any number of Stamps, different styles and sizes, and various colours of Ink can be used in one Machine.

D. C. reminds his friends that he continues to supply all the different kinds of Printing Machines, so that customers may have a variety for selection. From his arrangements he adds to his Stock everything new as introduced, although in this matter he has followed his usual practice of *giving prominence only* to such articles as are sure to give permanent satisfaction. He has been much gratified at the wide and extensive demand these Machines have made for themselves; they are now as favourably known as his Embossing Presses.

NUMBERS OUT OF WHICH ONE PERSON WILL DIE IN EACH YEAR.

*The favourable Mortality experienced by the ROYAL is exhibited by the Diagram which shows the NUMBER out of which ONE has Died at each Age up to the end of the year 1864, compared with the NUMBER which had been EXPECTED by the Tables, and further contrasted with its Experience up to the end of 1859, and with the "Combined experience of Seventeen Offices."*

\* I CONFINE myself to the experience of the seventeen Offices published in 1843. A few words will suffice to show the particular and general adaptation of this figure to its intended purpose.

To exhibit the first of these qualities, let it be supposed that the enquirer wishes to compare the Mortality experienced by the respective Offices named, on Lives aged 40 years.

By drawing his finger carefully along the horizontal line 40, to the points where the several curves cross the said line, and following with his eye the vertical line at those respective points to the top or bottom of the page, he will learn that

The "ROYAL" expected that 1 out of about 80 would die;  
 But by adjusted experience to 1865, only 1 out of about 109 would die;  
 And by ditto to 1859 . . . . . 1 " " 104 would die;  
 Whilst by the combined experience . . . 1 " " 97 would die.

Little will be required to show the general adaptation of the Diagram to exhibit the success of the ROYAL in its Mortality, and the BENEFIT thus OBTAINED BY THE ASSURER WITH PARTICIPATION OF PROFITS in that Office. I refer here to the fact that every point on the left of the  $\odot\odot\odot$  curve, which it must be supposed represents the Mortality expected by our Tables, shows more or less gain according as it is removed from or approaches thereto. Now, as the curve  $\diamond\diamond\diamond$  and the one painted red, respectively depicting the adjusted Mortality of the ROYAL up to 1859, and up to 1864, are entirely on the left of the  $\odot\odot\odot$  curve, and some portions of them at a very marked distance, it is at once evident that everything in the PAST experience of the Company, as respects this important subject, has been more favourable than could have been reasonably hoped for."

## Advantageous Rates for Advanced Lives.

THE Rates charged by this Society at advanced ages are greatly less than those of other Offices generally; the SCOTTISH AMICABLE Rate at age 60 being so much as 18 per cent. less than that of some other Offices. The Directors undoubtedly exercise great caution in accepting such Lives, to see that they are very select; but this being attended to, it is considered that the rates at all ages—say at 20, 40, and 60—are duly proportioned according to the risks run. And it does not require to be pointed out that, while these Rates continue, it is to an Office such as this that select Advanced Lives should make their Proposals. The following are the

Annual Life Premiums for £100 at Ages 51 to 60 under Class with Additions, and also under Minimum Premium Class, referred to below:—

Age next Birthday.	Class with Additions.			Minimum Premium Class.			Age next Birthday.	Class with Additions.			Minimum Premium Class.

## Advantages having Special reference to Young Lives.

THE Table of Rates for EDUCATION ASSURANCE provides a means, at a trifling cost, of securing for Children, in the event of the death of their fathers, Annuities till the age of eighteen. It is believed that few fathers, who consider the small Premiums required to secure so invaluable a boon, will not desire to leave for their widows, or those who may come to have charge of their children, such an assistance as a Policy of this nature. *This Table may be obtained on application.*

By the Rules of the Society, the Assured are entitled, after five years' continuous residence in this country, to travel and reside in any part of the World. Looking to the increasing facilities and requirements for travelling, what an advantage may it be to a young man to be possessed of a Policy under which, after five years' residence in this country, he might go anywhere without payment of extra Premium.

## Favourable Cash Values allowed for Bonus Additions.

IT will be found that these are much greater than the values given by other Offices.

## Moderate Additional Rates charged by the Society for Terminating or Redeeming Premiums.

THE Additional Rates of some other Offices are from Fifty to upwards of One Hundred per Cent. more. It is for the interest of that intelligent and discriminating class who may desire that their Premiums should soon terminate, to inquire into the Rates charged by this Office as compared with those of other Offices. The main cause of the difference is probably that the SCOTTISH AMICABLE assumes in the calculation a rate of 4 per cent. interest, while many other Offices maintain that no higher a rate than 3 per cent. should be had in view. *N.B.—Tables and Rates supplied on application.*

## Minimum Premiums.

THESE are reduced to the "Minimum," or least possible, amount from commencement, by application of an estimated Bonus of  $1\frac{1}{2}$  per cent., according to the Society's mode of declaration. Any ascertained variation from this rate, the lowest experienced by the Society, forms an addition to, or deduction from, the amount assured on its becoming a claim. This System of Minimum Premiums—believed to be the best economical adaptation of Life Assurance in use—was introduced to meet the convenience of that numerous class who desire to obtain for such sums as they can spare, the largest amount of immediate Assurance without subjecting themselves to a subsequent increase of their payments.
